Dear Senators, dear friends

My two years as President of the VSS will soon be at an end. The time has quite literally flown by. I shall be able to look back on the experience as two very interesting, varied, exciting and enlightening years. The various different projects and visits, but especially the opportunity to meet members personally and talk with them, were all very enriching. These will be precious memories that I will certainly hold dear and cherish in the future. I can only repeat: Our family of JCI members and, above all, Senators is something quite unique: a network that also gives friendship as a benefit. It forms a stable foundation for new projects, it strengthens and gives much enjoyment.

A great number of Senators from within and beyond Switzerland's borders have helped me in the past two years and made my term of office something special. That's why it is extremely important to me that this exciting and enlightening period is also brought to a close with you and thanks can be given for all the support and assistance that you have provided. I would be thrilled if you could participate in the hand-over ceremony – the so-called Swiss Drumming Out – which will take place from 1 - 3 December in Murten. Please find the electronic invitation as an attachment.

With best wishes - and see you soon in Murten!
